

25th March 2021

Dear Parents/Carers

As you are already aware, your child has successfully completed their Brilliant Club Scholarship Programme. All pupils received an incredible result of a 2:1 which matches the expectations of a Year 7 or 8 pupil. Due to Covid19 restrictions, their graduation event will now be held over Zoom.

The event will take place on Wednesday 28th April, 1.00pm - 3pm.

This event will bring together graduating Scholars from across the UK in celebration and reflection.

The event will begin with a welcome and keynote on the "main stage", after which school groups will go into breakout rooms hosted by a highly-selective University partner for an IAG session and a ceremony to graduate from the programme.

We will also be inviting parents/carers to attend for the ceremony portion, followed by a parent/carer information panel with representatives from several universities.

We expect pupils to be in school for the events and that they will join as a group, whilst parents can join from home or in school depending on school restrictions.

Nearer the time, the Zoom details will be posted on your child's Showbie / Class Dojo account for you to access from home.

Kind Regards

Miss Lee

The
Brilliant
Club
